To Whom It May Concern

May, 23rd 2024

Herewith the International Europe Class Union (IECU) allows the change of class rule 3.2.5 for the Europe Dinghy for the following national regattas in Poland.

*Puchar Polskiego Związku Żeglarskiego część 3
Krynica Morska
23-26.05.2024*

Class Rule 3.2.5 (iii) will be allowed to be changed as follows:

- 3.2.5 (iii) *Fittings and equipments not defined as fixed in Rule 3.2.5(i) are optional except that any electronic or electrically powered fittings or equipment other than exempted in the following are prohibited. They shall be removed for weighting and weight distribution tests. a) Electronic timing device. b) One electric powered or electronic self-contained compass, using magnetic input. If electronic, the compass shall have only heading and timing functions. The display may show the following: - heading (damping may be adjusted manually), - heading \pm a tacking angle (which may be adjusted manually), -time - race timing information, that may be transmitted by sound, - identification, battery condition, system error, adjustment, and calibration information. The electronic compass shall not deliver, store or correlate information in any way except as described here.*
- c) Electronic heart rate monitor devices with no additional function capability.*

This exceptional permission must be mentioned on the Notice Of Race and posted on the Official Notice Board of each event, as stated in RRS 87.

This allowance is void with immediate effect, if the decision of World Sailing on changing the class rules permanently is not positive.

ANDRE HAUFE
CLASS CHIEF MEASURER / IECU
